REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: In addition to the prior art of record, Carp et al (US6432055) corresponding to the IDS submission and request for acknowledgment filed 02-19-2002 of S.N. 09/607,806 (Docket No. 5050/746). Carp acknowledges in its prior art admissions col. 2 lines 1 – 35 only that dual switch transformer circuits were capable of bipolar waveforms centered about baseline but were not operated in a closed circuit because of excessive current draw, and all claims require three switching circuits to effect production of a third voltage level, in contradistinction to the claims of this application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication should be directed to Jaworski Francis J. at telephone number 703-308-3061.
